RE: Nov. 1, 2011: Inadvertent information disclosure related to ANO Unit 1 refueling outage

On November 1, 2011, the 16th day of the Arkansas Nuclear One (ANO) 1R23 outage, the following non-public information was inadvertently disclosed to Entergy service company personnel who work on behalf of Market-Regulated Power Sales Affiliates.

- ANO 1R23 refueling outage duration goal: ≤ 24 days, 18-hours. Estimated duration: 75-hours delay from the goal.
