

Finance and Corporate Services

ACCOUNTANT

The Corporate Reporting/Finance Operations Center at Entergy is responsible for a wide range of activities that include utility planning, accounting policy and research, financial processes, general and utility accounting, internal reporting, affiliate billings, budget and forecasting, cash operations, revenue and property, accounting, payroll and accounts payable. The organization provides accounting and support services to Entergy's regulated and non-regulated businesses. The Corporate Reporting/FOC team is led by Entergy's Chief Accounting Officer and Chief Financial Officer. The organization provides the successful candidate with an excellent opportunity to obtain:

- Experience in key financial business processes that support Entergy's operations
- Working knowledge of advanced tools and technology used to process and analyze financial transactions
- Working knowledge of how financial transactions are used to make critical business decisions

FINANCIAL ANALYST

Finance and Treasury combine corporate level support with internal consulting services. Key activities include strategic planning, financial performance modeling/forecasting, analysis of results, competitor analysis, corporate finance, and mergers/acquisition initiatives. The area requires a wide array of analytical capabilities and offers an assortment of learning and career advancement opportunities. Candidates in this area will obtain exposure to Entergy's regulated and non-regulated businesses

AUDITOR

The Internal Audit function at Entergy provides audit and consulting services to all regulated and non-regulated businesses. Services include financial, operational, and system related projects. Internal Audit reports directly to the Audit Committee of the Board of Directors and works with the senior leadership team on a daily basis. Internal Audit is a unique job opportunity where staff members obtain:

- Large exposure to a broad spectrum of domestic company operations
- Exposure to senior management by engaging in projects in their areas of the business
- Unique learning experience to "springboard" an employee to new leadership opportunities in other parts of the company
- Experience in key financial and operational business processes

JOB REQUIREMENTS

- GPA 3.0 or above
- Undergraduate in Accounting, Finance or Business Administration
- MBA with finance concentration or master degree in accounting preferred
- Self-starter with strong analytical and communication skills
- Professional certification a plus
- Proficient in the use of a PC with the Microsoft Office application package
