

“Shoreline Contractors Directory”

The following is a list, in no particular order, of contractors who have completed “Contractor Training for Shoreline Permit Work”, a training course led by the Entergy Hydro Operations staff. These contractors have demonstrated a general understanding of the permitting requirements for shoreline work.

“Facilities” includes: docks, boardwalks, piers, swim decks, etc.

“Bank Stabilization” includes: seawalls, riprap, bioengineering methods, etc.

“Dredging” includes: lakebed excavation, silt/debris removal, etc.

Contractor	Phone Number	Type of Work

Gary Lee Adams Construction	(501) 525-4792		X	
River Oaks Nursery	(501) 760-6235		X	
Smith Excavating	(501) 282-6482			X
Home Inspections of Arkansas	(501) 520-1076	Insp.		

These contractors are not employed by Entergy Arkansas, Inc. in any way to perform work for lakefront property owners, and the Company does not certify the workmanship of any contractors listed for permit related work. The order of the list is random and does not indicate any sort of preference. It is the responsibility of the permit holder to ensure work is performed as agreed in an approved permit issued by the Company. The Company has no restrictions upon who performs shoreline work, as long as it complies with the standards specified in the permit agreement. Names may be added and removed from the list at any time, without prior notification to the applicant or the contractors.
