Disaster relief/recovery:	\$	6,000
Grand total:	\$	2,502,702

Making a difference in Arkansas communities

Entergy is committed to creating a diverse, inclusive and engaged culture that inspires all individuals to work together to operate a world-class energy business for our customers, employees, communities and owners. As a company, our mission is to continually improve the communities we serve and is also reflected through our philanthropy, volunteerism and advocacy.

We do that by investing in solutions that attack the root causes of poverty, support education and workforce development, and protect and preserve the environment.

Over the last few years, our shareholders have contributed

\$16 - \$18 million annually to strengthen the communities we serve across Arkansas, Louisiana, Texas and Mississippi. In 2024, our shareholders contributed \$2.5 million to scores of nonprofit partners in Arkansas.

At Entergy Arkansas, our employees are not only dedicated to providing reliable power to our customers but also to personally giving back to the communities in which we live and work. Our employees carry out that commitment every day, providing thousands of volunteer hours to make our friends' and neighbors' lives better. In 2024, employees in Arkansas dedicated more than 30,000 hours of volunteer service valued at more than \$1 million.

- This includes:
- Sorting and distributing items at food pantries across the state
 - Purchasing and distributing school supplies, coats, toys for children in need
 - Helping customers file tax returns
 - Mentoring and reading to students
 - Salvation Army Red Kettle bell ringing
 - Cancer research fundraisers
 - Training foster parents
 - Serving families at Ronald McDonald House
 - Purchasing and distributing diapers
 - River shoreline clean up
 - Demonstrations at school and community STEAM events
 - Assembling craft kits for patients at Arkansas Children's Hospital

Entergy Arkansas provides affordable and reliable power for hundreds of thousands of customers in The Natural State, and we're dedicated to our mission to help communities thrive and create opportunity for everyone across our region.

Our employees carry out that pledge every day, putting in thousands of volunteer hours to make our friends' and neighbors' lives better. In addition, our charitable foundation and our employee giving supports low income/poverty solutions, as well as education, workforce development and programs that help the environment, all of which make Arkansas a better place to live. "We Power Life" is more than a slogan, encompassing so much more than keeping the lights on. Entergy is very much a part of the fabric of the communities we serve, and we're proud to be more than just a utility provider as we help create a bright future for Arkansas for many years to come.

Thank you,
Laura Landreaux
President and CEO, Entergy Arkansas

Corporate Social Responsibility

At Entergy we are committed to contributing to a society that is healthy, educated and productive – one in which the environment poses no threat to future generations, and none of our customers live in poverty. We are committed to creating sustainable value for all of our stakeholders, because we are only as strong as the communities we serve.

Entergy Arkansas hosts interactive poverty simulation to better understand customer challenges

Unless one has experienced poverty, it's difficult to truly understand the realities. Recognizing this, Entergy Arkansas recently hosted an interactive poverty simulation to offer its employees and community advocacy partners an eye-opening experience of the daily challenges faced by low-income families. The goal was to see how our customers are struggling firsthand and get insights into how to better serve them through these challenges.

Focusing our philanthropic work on food insecurity

Entergy Arkansas focused our philanthropic efforts on food insecurity. One in five Arkansans faces hunger – and that number becomes one in four for children. Both statistics make the state the highest for food insecurity in the country.

Golf tournament secures more than \$250,000 for vulnerable customers

Last year, the 20th annual The Power to Care Charity Golf Classic sponsored by Entergy Arkansas held recently raised more than \$126,000, which included a match from our shareholders, to help older and disabled customers pay their electric bills. Organizers said the event at The Country Club of Arkansas set records in more ways than one.

Entergy Arkansas helps protect American wildlife icon

In 2024, Entergy Arkansas partnered with Friends of Lake Ouachita and The U.S. Army Corps of Engineers to help provide solutions for wildlife in the area. As part of its Avian and Wildlife Protection Program, Entergy Arkansas provided its services to place three utility poles around Lake Ouachita National Forest for bald eagles to use for nesting.
