| Disaster relief/recovery: | \$ 79,000 |
| Grand Total: | \$ 11,413,015 |

Creating sustainable value for Louisiana through philanthropy and volunteerism

Giving back to our communities through philanthropy, volunteerism and advocacy are fundamental to the success of our corporate mission.

Our goal is to protect and preserve the environment and unlock resources and opportunities for residents and businesses by supporting education and workforce development, among other initiatives. These efforts foster a better future for our communities and creates a healthier, more vibrant Louisiana.

Our shareholders contribute \$16-\$18 million every year to help strengthen the communities we serve. In 2024, they contributed over \$17.7 million to nonprofit partners in Louisiana.

Making a difference in Louisiana communities

With steadfast dedication to giving back, Entergy employees' volunteer efforts are powering life throughout our communities. In 2024, employees in Louisiana volunteered more than 53,000 hours valued at more than \$1.7 million.

Activities included:

- Packaging boxes at local food banks.
- Supporting wetlands restoration with Ducks Unlimited.
- Community beautification projects with Pontchartrain Basin Foundation.
- Reducing food insecurity with Blue Cross Blue Shield of Louisiana.

Stepping up to help with customers

The heat last summer led to record-breaking energy usage and higher than normal bills for some customers. To help ease the burden, Entergy Louisiana worked closely with regulators and local agencies on a series of measures that included \$1 million in shareholder contributors for relief across the state.

This relief included bill credits for eligible customers and more than \$100,000 to The Power to Care that provides emergency bill payment assistance to older adults and disabled customers. Entergy employees also worked with community partners to help customers beat the heat by providing fans and making homes more energy efficient through weatherization efforts.

We're committed to not only providing clean, reliable and affordable power, but also bettering the communities that we call home through philanthropy and volunteerism.

Although we are dedicated to improving our power grid, we are equally as dedicated to supporting our communities by volunteering at local schools, food banks and partnering with organizations who support the those in need across our communities

Louisiana is our home, too, and as not only your utility provider, but also as an engaged corporate citizen, we want to see it thrive.

Thank you,
Phillip May
President and CEO, Entergy Louisiana

Corporate Social Responsibility

At Entergy, we are committed to contributing to a society that is healthy, educated and productive. Where the environment poses no threat to future generations and none of our customers live in poverty. We are committed to creating sustainable value for all of our stakeholders because we are only as strong as the communities we serve.

Entergy's Tribal Scholarship provides educational opportunities for Native American students

Recently, Entergy proudly continued its partnership with the American Indian College Fund, or the College Fund, by announcing a significant grant aimed at enhancing educational opportunities for Native American students. 2025 marks the 11th year of this collaboration. Entergy's support has been essential in helping Native American students pursue impactful careers and thrive as influential leaders in their communities.

Entergy provides \$3M to help vulnerable customers "Beat the Heat" and save money this summer

With soaring high temperatures this summer, Entergy donated \$3 million to help its low-income customers become more energy efficient and save money on their energy bills. Through Entergy's "Beat the Heat" program, customers received bill payment assistance, fans, energy efficiency kits, home weatherization and invaluable support from local community partners.

Entergy launches \$100,000 Power Your Future Scholarship to support technology students at HBCUs

Entergy is proud to announce the launch of its Power Your Future Scholarship program, designed to support current college undergraduates pursuing eligible technology majors who plan to further their education at designated select Historically Black Colleges or Universities or minority-serving institutions within Entergy's service area. Selected recipients will receive a \$5,000 award, with up to 20 scholarships available from Entergy shareholder funds.

Entergy Louisiana volunteers pack more than 200,000 meals in honor of Martin Luther King Jr. Day

In observance of Martin Luther King Jr. Day, Entergy Louisiana employee volunteers gathered at sites across the state to pack meals for local food banks. Despite freezing temperatures and snow days that led to food packing site reschedules, Entergy volunteers showed up geared and ready.

Entergy recognized as Civic 50 Honoree for the 10th consecutive year

Entergy has been recognized as a 2025 honoree of The Civic 50, a prestigious recognition by Points of Light that highlights the top companies in the United States leading the way in employee volunteerism and community investment. This marks the 10th consecutive year that Entergy has received this significant honor.
